

**Table 11**

Pelagic fish eggs 2.00–3.00 mm diameter collected in plankton tows in the Northeast Pacific Ocean and Bering Sea.

| 1.0 mm                             | 2.0 mm | 3.0 mm  | 4.0 mm | 5.0 mm |
|------------------------------------|--------|---|--------|--------|
|                                    | -----  | <i>Cololabis saira</i> (1.50–1.80 x 1.60–2.13 mm)     |        |        |
|                                    | -----  | <i>Pleuronectes quadrituberculatus</i> (1.67–2.21 mm) |        |        |
|                                    | -----  | <i>Pleuronichthys decurrens</i> (1.80–2.10 mm)        |        |        |
|                                    | -----  | <i>Glyptocephalus zachirus</i> (1.80–2.20 mm)         |        |        |
|                                    | -----  | <i>Anoplopoma fimbria</i> (1.85–2.10 mm)              |        |        |
|                                    | ---    | Macrouridae (1.92–2.08 mm)                            |        |        |
|                                    | -----  | <i>Microstoma</i> sp. (2.00–2.40 mm)                  |        |        |
|                                    | -----  | <i>Microstomus pacificus</i> (2.05–2.68 mm)           |        |        |
|                                    | -----  | <i>Trachipterus altivelis</i> (2.60–3.50 mm)          |        |        |
|                                    | -----  | <i>Chauliodus macouni</i> (2.69–3.17 mm)              |        |        |
|                                    | -----  | <i>Icosteus aenigmaticus</i> (2.69–3.28 mm)           |        |        |
|                                    | -----  | <i>Embassichthys bathybius</i> (2.70–3.10 mm)         |        |        |
|                                    | -----  | <i>Hippoglossoides elassodon</i> (2.75–3.75 mm)       |        |        |
|                                    | -----  | <i>Hippoglossus stenolepis</i> (2.90–3.80 mm)         |        |        |
| Collected off U.S. West Coast only |        |   |        |        |
