[illegible]

Handwritten: $R_{\text{tot}} = 4000 + 1200$

[illegible]

Nov. Rate = 2100 - 2175

[illegible]

It was noticed that when we prepared to lift the fishbag aboard that 100-200 pounds of shrimp were not in the lift, therefore we lowered the bag again and fixed the net but even then all the shrimp did enter the bag. In order to get them all in by a single lift we worked the net alongside thereby forcing the entire catch into the bag end.
