

Map 8. Oceanography of the northern Bering Sea and the Chukchi Sea as presented in Danielson et al. 2017. The 200, 80, 45, 35, and 25 m isobaths are marked on the map with regional depth following the color bar on the lower right. Abbreviations are: NI is Nunivak Island, LI is St. Lawrence Island, WI is Wrangel Island, KS is Kotzebue Sound, PB is Peard Bay. Mean flow pathways are color-coded to denote current systems and/or typical water mass pathways: Yellow is Bering Slope Current and Beaufort Gyre; Black is Alaskan Coastal Current; Brown is Siberian Coastal Current; Purple is pathways of Bering shelf, Anadyr, and Chukchi shelf waters.
